

SIMATS ENGINEERING

ASSESSMENT TOOL 1

COURSE NAME: Deep Learning

COURSE CODE: MLA0407

COURSE OUTCOME COVERED

CO2: Learning Algorithms, Maximum Likelihood Estimation (MLE), Building Machine Learning Algorithms, Neural Networks, Artificial Neurons, Perceptron, Multilayer Perceptron (MLP), Forward Propagation, Backpropagation Algorithm, Gradient Descent, Stochastic Gradient Descent (SGD), Mini-Batch Gradient Descent, Curse of Dimensionality. (BL3)

QUESTIONS: 50

Duration: 1 Hour

Total Marks:50

Annexure A

MCQ TEST

Code of Conduct:

I P. DEEKSHANA / 192425104 (Name / Reg No) certify that this submission is my original work and that I have adhered to the guidelines specified for this assessment.

I understand that any violation of academic integrity rules will result in disciplinary action.

Signature of the student:

As part of the Deep Learning course assessment, I completed an online Multiple Choice Questions (MCQ) test through Google Forms. The assessment was conducted to evaluate my understanding of the course concepts and measure my performance.

The score obtained in the assessment is shown in the attached Google Form scorecard.

MCQ TEST SCORECARD

The image is a screenshot of a mobile phone screen displaying a Google Form scorecard. At the top, the status bar shows the time as 2:05, signal strength, and battery level at 71%. The browser address bar shows 'docs.google.com'. The form title is 'MCQ TEST - C02 AT1'. Below the title, it says 'Total points 41/50'. There is a section for 'Email *' with the value '192425104.simats@saveetha.com'. The next section is a question: 'Which of the following best describes Machine Learning?' with a green checkmark and '*1/1'. The question has four options: A) A subset of Deep Learning, B) A method where computers learn from data without explicit programming (which is selected and highlighted in green with a green checkmark), C) A database management system, and D) A computer network protocol. There is a question mark icon next to option D. The bottom of the screen shows the Android navigation bar.

MCQ TEST - C02 AT1

Total points 41/50

Email *

192425104.simats@saveetha.com

✓ Which of the following best describes Machine Learning? *1/1

☐ A) A subset of Deep Learning

☒ B) A method where computers learn from data without explicit programming ✓

☐ C) A database management system

☐ D) A computer network protocol

Rubrics for Calculation

Criteria	Weightage	Level 4 (Exemplary)	Level 3 (Proficient)	Level 2 (Developing)	Level 1 (Beginning)
Technical Content Accuracy	30	Highly accurate, indepth, and insightful technical explanation	Technically correct content with adequate depth and clarity	Basic concepts presented with limited accuracy and depth	Content contains major technical errors; concepts poorly understood
Problem Identification	25	Problem rigorously analyzed using appropriate and advanced methods	Problem clearly defined with a logical engineering approach	Problem identified but analysis or methodology is weak	Problem statement unclear or incorrect; no logical approach
Use of Tools	20	Advanced tools, well-analyzed data, and highly effective visuals	Appropriate tools and data used effectively with clear visuals	Limited use of tools and basic data interpretation	Minimal or incorrect use of tools and data; poor visuals
Communication	15	Highly engaging, confident, and audience-focused delivery	Clear, organized, and professional communication	Understandable but lacks clarity, structure, or confidence	Poor organization, unclear speech, ineffective slides
Professionalism	10	Exemplary professionalism, leadership, and ethical awareness	Professional conduct with effective team collaboration	Basic professionalism; uneven team participation	Lacks professionalism; minimal contribution or ethical awareness
